

FL 155H-G

Dual grade laser for beginners

TECHNICAL DATA	FL 155H-G	FEATURES	SUPPLIED WITH FL 155H-G + FR 45
Self-levelling range	±6°	<ul style="list-style-type: none"> · Horizontal Dual Grade Laser · Digital grade adjustment · Monitored grade · Automatic TILT function · VWS function combined with TILT function · Illuminated display · Zonal control (masking) · Zonal control (electronic beam screen) · Remote control screen · Li-Ion battery technology · Battery charger includes adapter for in-car charging 	ART-NO. 213145
Laser class	2		· Receiver FR 45 with clamp
Accuracy	± 0.5mm / 10m		· 2-Way RF Remote control
Working range with receiver (Ø)			· Li-Ion battery
with FR 45	1200 m		· Intelligent battery charger
with FR 77-MM	600 m		· Battery case for alkaline batteries
Horizontal slope setting			· Carrying case
X-Axis	± 10.000%		
Y-Axis	± 10.000%		
X and Y-Axis	Σ ± 14 %		
Rotating speed	600 rpm		
Operating time	30 h		
Power supply	Li-Ion		
RF Remote control range	80 m		
Temperature range	-20°C to +50°C		
Dust / water protection	IP 65		
Weight (instrument only)	2.2 kg		
			SUPPLIED WITH FL 155H-G + FR 77-MM
			ART-NO. 213177
			<ul style="list-style-type: none"> · Receiver FR 77-MM with clamp · 2-Way RF Remote control · Li-Ion battery · Intelligent battery charger · Battery case for alkaline batteries · Carrying case
